THE GEM

ABOUT

Jade the Gem is a New Orleans-based DJ and the visionary behind Hidden Gem events. A true music lover with an intuitive ear, she approaches every set differently — blending hip-hop, afrobeats, R&B, house, and more based on what she's feeling in the moment.

Her timeless, soulful selections create atmospheres where the music does the talking and the energy stays high all night.

Through Hidden Gem, Jade curates experiences that organically bring people together through timeless sound in carefree, soulful environments. You can feel her genuine love for music in every transition — it's what turns a regular night into something special.
